To whom it may concern,

Re: letter of support for Welcome Friend Association – Rainbow Camp and Rainbow Online Connection

On behalf of the Algoma District Services Administration Board (ADSAB), I would like to express our support for Welcome Friend Association's efforts to pursue funding for Rainbow Camp and Rainbow Online Connection, toward the development of a permanent home for their programs.

Rainbow Camp has become a recognized establishment that for several years now has been making meaningful contributions to the wellbeing and inclusion of 2SLGBTQ+ people, families and allies from Algoma District and beyond.

As a deliverer of social and paramedic services, the ADSAB recognizes the importance of there being safe, inclusive and accessible community programs to support the wellbeing of all community members. Programs like Rainbow Camp and Rainbow Online Connection promote connection, belonging and early support, and can contribute to stronger individuals, families and communities.

We wish Welcome Friend every success in their pursuit of a permanent home for their programming.

Yours truly,

Keith Bell
Chief Administrative Officer
